**Minutes of the meeting of the Evaluation Committee
for the selection of the PHC AMADEUS / WTZ-AMADEE projects for
2023-2024 within the scientific-technological cooperation between
Austria and France**

1. Exchange of information

The meeting was held in Vienna on 12th October 2023. Both sides informed each other about the recent developments. Both sides are satisfied with the long term, active and good cooperation within the PHC AMADEUS / WTZ-AMADEE Program.

2. Selection of co-operation projects for the period 2024-2025

16 eligible projects for the period 2024-2025 were peer-reviewed by both sides. Based on their scientific merits the Committee agreed upon funding mobility costs of 14 bilateral co-operation projects in first year for the period 2024-2025 (Annex 1).

In addition 12 projects with a duration from 2023-2024 will be continued for the second year (Annex 2).

Hence, mobility costs of a total of 26 bilateral co-operation projects are jointly funded in 2024.

3. Discussion on call interval and next call for proposals

The Austrian side informed that due to new internal regulations annual calls are not feasible anymore and proposed to shift to a biennial call interval. The French side expressed its reluctance to change the timetable, believing that the programme would be less attractive on the French side. Discussions are due to continue on this point. The exact date of the next call will be agreed upon by e-mail.

4. Next Meeting for the selection of bilateral co-operation projects

The next meeting for the selection of bilateral co-operation projects for the period 2026-2027 will be held in Paris end of October / beginning of November 2025. The exact date will be agreed upon by e-mail.
